

A List of the University's Master Degree Programs

Programs, Research Areas and Focuses

Institute of Mathematics

070101 Basic Mathematics

1. Differential Geometry and Application
2. Lee Group Lee Algebra
3. Non-linear Analysis
4. Combinatorial Mathematics
5. Mathematical Logic and Theoretical Computer

070104 Applied Mathematics

1. Information Science (including Mathematical Logic and Theoretical Computer Science)

070201 Theoretical Physics

1. Integrable System and Non-linear Issues in Theoretical Physics

070103 Theory of Probability and Mathematical Statistics

College of Mathematics

070101 Basic Mathematics

1. Algebraic Typology
2. Functional Analysis
3. Differential Geometry and Application
4. Ordinary Differential Equations
5. Partial Differential Equations
6. Lee Group Lee Algebra
7. Function Theory

070102 Computational Mathematics

1. Study of Computation Methods in Partial Differential Equations and Software
2. Numerical Methods in Fluid Dynamics and Software
3. Methods of Software Engineering in Scientific Computation

070104 Theory of Probability and Mathematical Statistics

1. Information Theory
2. Stochastic Process and Application
3. Application of Stochastic Process in Finance and Insurance
4. Sound, Image and Signal Processing
5. Mathematical Statistics

070103 Applied Mathematics

1. Economic Mathematics

College of Physics

070201 Theoretical Physics

1. Nuclear Physics (Medium and High-Energy Nuclear Physics, Heavy Ion Physics)
2. Particle Physics and Statistical Physics
3. Quantum Theory and Lower-Dimensional Condensed State Theory
4. Quantum Theory of Light
5. Non-Linear Integrable Issues in Theoretical Physics

6. Atmospheric Physics

070206 Condensed State Physics

1. Solid (Including Condensed State Biological Materials) Energy Spectrum and Phononics
2. Theory of Lower-Dimensional Condensed State
3. Crystal Physics and Materials
4. Solid Nuclear Magnetic Resonance
5. Semiconductor Physics

070207 Optics

1. Modern Optical Information Processing and Optical Neural Network
2. Non-linear Optics and Medical Laser
3. Modern Photo-communication
4. Laser Physics

080301 Optical Instruments

1. Modern Applied Optics and Technology (including Ultrafast Optics, Thin Film Optics and Interconnection of Information Light)

070213 Metrology

1. Instrument Physics and Metering (Metrical Instrument, Optical Instrument, Analytical Instrument and Bio-medical Engineering Instrument)
2. Physical Metering and Application of Computer

071014 Biophysics

1. Cell and Film Biophysics
2. Molecular Biophysics and Biological Engineering
Medical Physics and Bio-Medical Instrument

Institute of Modern Optics

070209 Optics

1. Information Optoelectronics
2. Laser Optical Spectrum
3. Modern Photo-communication
4. Modern Optical Information Processing and Optical Neural Network
5. Laser

080301 Optical Instrument

1. Modern Optical Information Processing
2. Optical Neural Network
3. Modern Applied Optics
4. Information Optoelectronics
Modern Photo-communication

College of Information Science

070211 Radio Electronics

1. Communication Technology
2. Optoelectronic Sensing Techniques and Intelligent Testing
3. Technology and Application of Centimeter and Millimeter Wave
4. Superconductor Technology and Electronic Technology

070212 Electron, Ion and Vacuum Physics

1. Electron and Ion Optics and New Type Electronic Material
2. Molecular Beam and Functional Material
3. Thin Film, Optoelectronics and Vacuum Microelectronics

070207 Physics of Semiconductor and Semiconductor Device

1. Sensor and System
2. Microelectronic Techniques and Application

VLSI Design

Institute of Optoelectronic Devices and Technology

070207 Physics of Semiconductor and Semiconductor Device

1. Optoelectronic Devices and Application

Display Techniques

081002 Computer Software

1. Software Engineering
2. Interpretation of Natural Languages
3. Parallel Techniques and Application

070105 Operational Research and Control Theory

1. Distribution Parameter System
2. Infinite Dimension System

080901 Theory and Application of Automatic Control

1. Theory and Application of Adaptive Control
2. DEFS Theory and its Application in Computer Communication and Manufacturing System
3. Control System CAD
4. Analysis, Forecasting and Control of Economic System
5. Computer Control and Management

080905 Model Identification and Intelligent Control

1. Intelligent Robot Control
2. Informationization of National Economy
3. Computer Vision and Image Processing

081005 Computer Application

1. Computer Network and Information System
 2. Computer Communication
- Speech Processing and Recognition

Institute of Machine Intelligence

081002 Computer Software

1. Environment and Techniques of Software Development

080905 Model Identification and Intelligent Control

1. Computer Vision and Image Processing

College of Chemistry

070303 Organic Chemistry

1. Metal Organic Chemistry
2. Physical Organic Chemistry
3. Organic Synthesis
4. Organic Analysis

070304 Physical Chemistry

1. Coordination Physical Chemistry
2. Catalysis
3. Methodology, Theory, and Application of Structural Chemistry
4. Chemical Dynamics

070302 Analytical Chemistry

1. Atom Optical Spectrum Analysis
2. Separation Science and Color Spectrum Analysis
3. Modern Chemical Analysis and Chemometrics (including Electro-chemical Analysis)

070301 Inorganic Chemistry

1. Inorganic Synthesis and Material Chemistry
2. Biological Inorganic Chemistry
3. Coordination Chemistry

070305 Polymer Chemistry and Physics

1. Polymer Material

Institute of New Energy Material Chemistry**070301 Inorganic Chemistry**

1. Inorganic Synthesis and Material Chemistry

070304 Physical Chemistry

Electro-chemistry and Chemical Power Supply

Institute of Elemento-Organic Chemistry**070303 Organic Chemistry**

1. Elemento- Organic Chemistry
2. Organic Synthesis
3. Metal Organic Chemistry
4. Natural Organic Chemistry
5. Organic Analytical Chemistry

090110 Pesticide Study

1. Fine Organic Synthesis and Pesticide Chemistry

071004 Entomology

1. Insect Toxicology

College of Environmental Science**070307 Environmental Chemistry**

1. Chemistry of Environmental Analysis and Monitoring Instrument
2. Chemistry of Environmental Pollution
3. Chemistry of Environmental Pollution Prevention
4. Chemistry of Pollution Ecology
5. Environmental Quality Assessment

071018 Environmental Biology

1. Environmental Biological Toxicology
 2. Pollution Ecology
- Environmental Microbiology

Institute of Polymer Chemistry

070305 Polymer Chemistry and Physics

1. Functional Polymer (Ion Exchange Resin, Absorbing Resin and Polymer Reagent)
 2. Polymer Synthesis
 3. Polymer Catalysis (Biological Catalyst and Hyper-Metal Catalyst)
 4. Morphology, Structure and Function of Polymer Alloy
 5. Biological Technology
 6. Bio-medical Polymer
 7. Biological Polymer
- Bionic Polymer

Central Computer Laboratory**081507 Applied Chemistry (Instrument Analysis)**

1. Component and Morphology Analysis
 2. Structure Analysis
- Computer and Applied Chemistry

Institute of Molecular Biology**070305 Polymer Chemistry and Physics**

1. Bio-medical Polymer

071013 Biochemistry

1. Nucleic Acid Biochemistry
2. Enzyme Engineering and Bio-medical Material

071016 Molecular Biology

1. Molecular Genetics

College of Biology Science**071011 Genetics**

1. Cell Genetics

071002 Plant Physiology

1. Mineral Nutriology

071016 Molecular Biology

1. Plant Molecular Biology

071003 Zoology

1. Invertebrate Zoology
2. Aquatic Biology
3. Ichthyology

071004 Entomology

1. Insect Physiology and Biochemistry
2. Insect Pathology
3. Systematic Entomology

071001 Botany

1. Structural Botany
2. Resource Botany

071017 Ecology

1. Physiological Ecology
2. Plant Ecology

071009 Microbiology

1. Modern Mycology
2. Molecular Microbiology and Engineering
3. Resource Germ and Engineering

Biochemistry and Molecular Biology**071013 Biochemistry**

1. Protein Biochemistry
2. Nucleic Acid Biochemistry
3. Hormone Biochemistry
4. Biochemical Analysis
5. Plant Biochemistry

071011 Genetics

1. Molecular Genetics

071002 Plant Physiology

1. Plant Hormone

071016 Molecular Biology

1. Molecular Genetics
2. Molecular Virology

College of Chinese Literature**050101 Theory of Literature and Art**

1. Marxist Theory of Literature and Art
2. Contemporary Theory of Literature and Art

050103 Classical Chinese Literature

1. Literature of Pre-Qin Times, the Han, Wei and the Six Dynasties
2. Literature of the Tang and Song Dynasties
3. Literature of the Ming and Qing Dynasties
4. History of Chinese Fiction
5. History of Chinese Drama

050105 History of Chinese Literary Criticism

1. History of Chinese Literary Criticism
2. History of Chinese Literary Thoughts

050102 Modern and Contemporary Chinese Literature

1. Modern Chinese Literature
2. Contemporary Chinese Literature
3. History of the Development of Chinese Literature in the 20th Century
4. Literary Thoughts in the 20th Century Chinese Literature

050213 World Literature

1. European and American Literature
2. Comparative Literature
3. Asian and African Literature

050108 Modern Chinese Language

1. Modern Chinese Lexicology, Semantics and Grammar
2. Modern Chinese Grammar
3. Study of Chinese Dialects

050109 History of the Chinese Language

1. History of Chinese Phonetics
2. History of Chinese Lexicology
3. History of Chinese Grammar

050111 Languages and Literature of Minor Nationalities

1. Comparative Study of Chinese and the Dong and Dai Languages

College of Chinese Language and Culture

050108 Modern Chinese Language

1. Chinese as a Foreign Language Teaching and Research
2. Chinese Philology
3. Chinese Language and Culture

College of Foreign Languages

Department of English Language and Literature

050102 English Language and Literature

1. English and American Literature
 2. Linguistics
 3. Translation
- Modern English

Department of English for Special Purposes

050201 English Language and Literature

1. Tourism English

Department of Japanese Language and Literature

050205 Japanese Language and Literature

1. Japanese Linguistics
2. Japanese Literature

Department of Western Languages and Literature

050202 Russian Language and Literature

1. Modern Russian (Rhetoric, Lexicology and Grammar)
2. Russian Literature
3. Translation Theory and Practice

Institute of Ancient Chinese Books and Culture

050106 The Study of Classical Chinese Documents

1. The Study of Historical Documents
2. The Study of Literary Documents
3. History of Culture

060102 History of Historiography

1. History of Ancient Chinese Historiography
2. History of Thoughts in Traditional Historiography

College of History

060105 Museology

1. Material Culture of Ancient China
2. The Study of Ancient Articles (Bronze Ware and China) and Ancient Writing
3. Comparative Study of Chinese and Foreign Museology

060108 Ancient Chinese History

1. Any one of the following: History of Pre-Qin Times, History of the Qin and Han Dynasties, History of Wei/Jin and the Northern and Southern Dynasties, History of the Song Dynasty, History of the Yuan Dynasty, History of the Qing Dynasty

2. Any one of the following: History of Ancient Chinese Society, History of Ancient Political Systems, History of Ancient Science and Technology

060109 Modern and Contemporary Chinese History

1. History of Modern Chinese Culture

2. History of Modern Chinese Social Civilization

3. History of Modern and Contemporary Chinese Parties and Political Systems

4. Research in History of Anti-Japanese War

5. Study of Contemporary Chinese History

060112 Ancient and Medieval World History

1. History of Ancient Greece and Rome

2. Medieval World History

060113 Modern and Contemporary World History

1. Modern World History

2. Contemporary World History

3. History of Asian and African Economy and Foreign Relations

060114 History of Specific Geographical Areas and Countries

1. American History

060107 Specialized History

1. History of Chinese Ideological Thoughts

2. History of Sino-Western Cultural Exchanges

060103 History of Historiography

History of Chinese Historiography

Center for Latin American Studies

060114 History of Specific Geographical Areas and Countries

1. History of Latin America

Institute of History

060114 History of Specific Geographic Areas and Countries

1. Japanese History (History of Japanese Culture, Japanese Foreign Affairs, Sino-Japanese Cultural Exchanges and Post-War Japan)

2. American History (History of American Social Movements, American Foreign Affairs and American Ideology and Culture)

060108 Ancient Chinese History

1. History of the Ming and Qing Dynasties (History of the Ming Dynasty, the Qing Dynasty, the Ming and Qing Dynasties, Culture, Sino-Foreign Relations, Political Systems and the Study of Health Preserving)

060109 Modern and Contemporary Chinese History

Study of Important Modern Chinese Figures (Study of Zhou Enlai, Cai Yuanpei, etc.)

Department of Philosophy

010101 Marxist Philosophy

<ul style="list-style-type: none"> 1. Social Philosophy 2. Epistemology 3. Marx's, Engle's, Lenin's and Stalin's Philosophy 4. 1. Economic Reform and Development in Contemporary China
 2. Comparative Study of Chinese and Western Economic Development
- 030205 History of The Communist Party of China**
1. Theory and Strategies of the New Democratic Revolution of China
 2. History of the Ideological Thoughts of the Communist Party of China
 3. Theory and Strategies of the Socialist Revolution and Construction of China
(focusing on the construction theory of the CPC)
- 030207 Marxism Theory Education (Chinese Socialist Construction)**
1. Theory and Practice of Chinese Socialist Construction
 2. Comparative Study of Chinese and Foreign Economic Development

- Zhou Enlai School of Government**
Department of Political Science
- 030208 Ideological and Political Education**
1. Theory and Methodology of Ideological and Political Education
 2. Ideological Trends in Contemporary Philosophy and Culture and Ideological Education
- 010103 Western Philosophy**
1. Modern American Philosophy
- 030201 Theory of Political Science**
1. Modern Government theory and Chinese Government
 2. Theory of Modern Governmental Culture and Chinese Governmental Culture
 3. Theoretical Study of Contemporary Global Political Issues
 4. Study of Public Administration
- Comparative Politics

- College of Economics**
- 020101 Political Economy**
1. Modern Capitalist Economy
 2. Market and Price
 3. Socialist Market Economy
 4. Comparative Study of Economic Systems
 5. Taiwan Economy

1. Open Economy
 2. Economy of Specific Countries and Regions
 3. Theory of International Economics

4. Western Finance
5. International Credit and Investment
6. Economic Development and Economic Growth

020116 International Trade

1. International Trade Theory
2. International Trade Policies
3. International Trade Engineering

College of Economics

Institute of International Economics

020108 World Economy

1. International Economics and Trade and Open Policy
2. International Corporations and International Investment
3. International Business
4. International Financial Management
5. Trade and Investment Policy of the Asian-Pacific Area

020116 International Trade

1. International Trade Policy
2. International Trade Theory

College of Economics

Institute of Economics

020101 Political Economy

1. Theory of Market Economy and System Reform
2. Study of Economic Operations
3. Theory of Economic Development
4. Price Theory and Application
5. Real Estate Economy and Management
6. Mathematical Economics

020105 History of Chinese Economy

1. History of Modern Chinese Economy
2. History of Sino-Foreign Economic Relations

020127 Economic Geography

0201S6 MBA (Master of Business Administration)

1. International Business Management
2. Marketing
3. General Management
4. Financial Management

International Business School

Department of Accounting

020121 Accounting

1. Western Finance and Comparative Accounting
 2. Auditing
- Econometric Model and Methodology

International Business School

Department of Tourism

0201S1 Tourism Economics

1. Tourism Economics and Management

International Business School

Institute of Population and Development

020120 Population Economics

1. Population Economics
2. Population Sociology
3. Economics of Human Resources
4. Social Security

International Business School

Institute of Transportation Economics

020117 Transportation Economics

1. Investment Project Evaluation
2. Transportation Planning and Management
3. Business Logistics

International Business School

Institute of International Economic Law

030112 International Economic Law

1. International Economic Law

A List of the University's Doctoral Degree Programs (1999)

Programs, Research Areas and Focuses

Department of Mathematics

070101 Basic Mathematics

1. Homotopy Theory
2. Functional Analysis
3. Lie Group Lie Algebra and Differential Geometry
4. Algebraic Topology
5. Lie Group Lie Algebra

070104 Probability and Mathematical Statistics

1. Stochastic Process
2. Application of Stochastic Process in Actuarial Insurance
3. Information Theory and Mathematical Statistics
4. Digital Signal Processing
5. Mathematical Statistics
6. Information Theory
7. Mathematical Statistics
8. Mathematical Statistics and Actuarial Insurance

070201 Computational Mathematics

Numerical Method in Differential Equations

Department of Physics**070201 Theoretical Physics**

1. Particle Physics and Statistical Physics
2. Nuclear Theory (Medium & High-Energy Physics, Singular Nuclear Physics)
3. Anti-scattering Physics and Imaging Technology
4. Mathematical Methods in Physics
5. Perturbational Quantum Mechanics
6. High-Energy Physics
7. Micro-Atmospheric Physics and Suspension Dynamics

070206 Condensed State Physics

1. Solid Energy Spectrum (Non-linear Optics & Up-conversion Laser)
2. Semiconductor Physics
3. Solid Optical Spectrum
4. Solid Optical Spectrum
5. Solid Nuclear Magnetic Resonance
6. Primary Principle Computation
7. Study of Quantum Photon and Solid Optical Spectrum
8. Study of Quantum Photon and Solid Energy Spectrum

Institute of Modern Optics**070209 Optics**

1. Optoelectronic Information Materials and Optoelectronics
2. Photon Technology and Modern Photo-communication

080301 Optical Instruments

1. Optical Information Processing and Applied Optics
2. Optoelectronic Intelligence Information Processing
3. Optical Information Processing
4. Real Time Optical Model Identification and Optical Holography

Department of Electronics**070207 Physics of Semiconductor and Semiconductor Device**

1. Integrated Circuit and System Design & Semiconductor Device
2. Superhetero-electronic Techniques

Institute of Thin Film Devices and Technology**070207 Physics of Semiconductor and Semiconductor Devices**

1. Semiconductor Materials and Devices
 2. Liquid Crystal Display Techniques
 3. Mage-microelectronic Technology
 4. Optoelectronic Communication Technology and Devices
- Active Matrix Display and Detection Techniques

Department of Computer and System Sciences**080901 Theory and Application of Automatic Control**

1. Theory of Discrete Event Dynamic System and its Application in Computer Communication and Manufacturing System
2. Computer Control and Management

3. Intelligent Robot System and Control
 4. Information Automation System
 5. Adaptive and Intelligent System
 6. Network and Management
 7. Control System CAD
 8. Control and Management
- Financial Information System

Institute of Machine Intelligence

080901 Theory and Application of Automatic Control

1. Model Identification Theory
- Tectonic Process of Model Identification System

Department of Chemistry

070301 Inorganic Chemistry

1. Inorganic Synthetic Chemistry and Material Chemistry
2. Functional Coordination Compounds

070302 Analytical Chemistry

1. Bio-analytical Chemistry
2. Stoichiometry and Testing

070303 Organic Chemistry

1. Metal Organic Chemistry
2. Element and Metal Organic Chemistry
3. Metal Organic Chemistry and Atomic Beam Chemistry
4. Physical Organic Chemistry
5. Solid Photochemistry
6. Functional Organic Chemistry
7. Organic Analysis

070304 Physical Chemistry

1. Quantum Chemistry
2. Micro-kinetics
3. Chemical Kinetics
4. Coordination Physical Chemistry
5. Structural Chemistry and Molecular Design
6. Molecular Structural Chemistry and Computational Chemistry
7. Molecular Sieve and Molecular Film Catalysis
8. Subject-Object Coordination Chemistry and Super-molecular Chemistry
9. Design, Structure and Function of New Type Molecules
10. Solution Chemistry in Life Sciences
11. Heterogeneous Catalysis

070305 Polymer Chemistry and Physics

1. Medical Polymer
- Photo-sensitive Polymer

Institute of New Energy Material Chemistry

**070301 Inorganic
Chemistry**

Inorganic Synthesis Material Chemistry

Institute of Elemento-Organic Chemistry

070303 Organic Chemistry

1. Hetero-atomic Organic Chemistry
2. Separation Science
3. Hetero-atomic Organic Chemistry
4. Metal Organic Chemistry
5. Hetero-atomic Organic Chemistry
6. Metal Organic Chemistry

071004 Entomology

1. Insect Toxicology

071004 Pesticide Study

1. Fine Organic Synthesis and Pesticide Molecule Design
2. Fine Organic Synthesis, Pesticide Chemistry and Molecule Design
3. Design and Synthesis of Biologically Active Substance and its Structure-function Relationship
4. Fine Organic Synthesis and Pesticide Chemistry

Department of Environmental Science

070307 Environmental Chemistry

1. Chemistry of Environmental Analysis
2. Chemistry of Environmental Pollution and Prevention
3. Chemistry of Pollution Ecology
4. Environmental Monitoring
5. Chemistry of Environment and Metal Organic Pollution
6. Chemistry of Environmental Pollution and Prevention
7. Chemistry of Pollution Ecology
8. Environmental Quality Assessment and Management

Institute of Polymer Chemistry

070305 Polymer Chemistry and Physics

1. Functional Polymer

Department of Chinese Language and Literature**050105 History of Chinese Literary Criticism**

1. History of Thoughts in Chinese Literature
2. History of Chinese Literary Criticism
3. History of Chinese Fiction Criticism in Fiction
4. Literature of the Sui, Tang and the Five Dynasties and its Criticism

050111 Languages and Literature of Minor Nationalities

1. Comparative Study of Lexicology of Chinese and the Tai Language
2. Linguistics of Chinese and the Tibetan Language (Grammar)

Comparative Study of the Grammar of Languages of Minor Nationalities

Department of English Language and Literature**050201 English Language and Literature**

1. English and American Literature
